# TUROLUX HD MR16

Light Emitting Diodes (LED's); Brighter and more energy efficient then ever before. With an extremely long service life, Turolight LED products are quickly replacing their incandescent counterparts. Our LED lines have been designed for practical usage and can easily be installed in your existing fixtures.

- Replaces 35Watt Halogen
- High-brightness LED lighting technology
- 320 Lumens
- Easy installation
- IC with patented cooling fan
- LED IC Auto Protection
- 12VAC/DC Reverse Polarity Protection
- Virtually no heat produced
- Weighs ~ 50 grams
- fits 99.9% of all Low Voltage MR16 fixtures
- No ultraviolet (UV) or infrared (IR)

Model no.	Color	Beam angle
LMR16-8VWW	warm white 3000 K°	30°/55°
LMR16-8VCW	cool white 5500 K°	30°/55°

## MR16 Comparison

	Halogen MR16	TUROLUX LED MR16
Watts per bulb	35W	8W
Rated lamp life	2,000 hours	<b>20,000 hours</b>
Hours of operation	20,000 hours	20,000 hours
Number of lamps required over the life of the LED	10 lamps	<b>1 lamp</b>
Total kWh's consumed over the life of the LED	700 kWh	160 kWh
Cost of electricity	\$0.10 kWh	\$0.10 kWh
Total energy cost per lamp	\$70.00	\$16.00
Total savings over the life of the LED	\$0.00	<b>\$54.00 (77%)</b>

Finally, a practical LED solution!

No longer just an indicator light,  
a Turolight MR16 LED now gives enough light to replace a Halogen flood.

With an average rated life of 20,000 hours...the answer is clear.
