

T3-MINISPIRAL GU24

Turolight presents the ideal CFL bulb series combining the performance and versatility of incandescent bulbs, designed for Energy Star Fixtures with added benefits of reduced energy consumption and maintenance at an affordable price.

“EDGE bulbs represent the ultimate blend of high end features at a great price.”

Turolight new generation EDGE GU24 series of “Twist and Lock” products are the greener choice that has been developed with the highest level of automation in order to increase quality, consistency and reduce price!

Why sacrifice quality for price when you can have both? The EDGE line was design to meet the needs of even the most cost sensitive consumer!
