

### Key Features

- Easy replacement solution with both E26 and GU24 base
- 700 Lumens
- 50,000 hour average life
- High energy saving and low maintenance cost
- Suitable for dry and damp location
- High CRI (83+)
- Instant bright and constant light output
- No UV, infrared and mercury free
- Excellent color consistency

### Other information

- Operating temperature range between -20°C and +50°C
- UL/cUL listed, FCC compliant, RoHS compliant
- 3-year limited warranty in commercial and residential use

### Applications

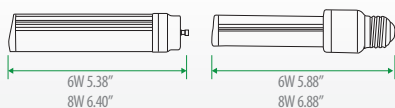

- Commercial
- Residential
- Hospitality
- Offices
- Restaurants
- Property Management

### General Usage

- General lighting
- Specialty
