Using Guide

1. Download APP "TuroSmart" in "Apple Store" or "Google Play".

2. Install WiFi LED bulb in the fixture/ socket.

3. Switch on and off the bulb repeatedly until the bulb blinks, normally after 3 or 4 times. After the bulb blinks, it will enter the networking connection mode just in a few seconds.

4. Make your phone wifi connected, then open the APP "TuroSmart" and follow "Setup Guide" to set your smart lamp.
