LED Adjustable Wall Pack

SSL-WP2T	Segment	Wattage Range	Lumen Range	
	Universal	Selectable Wattage (15W-75W)	1,950~9,750lm	

Features

- Modern Design Compact Wallpack with Glass diffuser for long life & trouble
- Wet Location rated with operating temperature range of -40 ° C ~ +50 ° C.
- Field Selectable (CCT 3000K, 4000K & 5000K) and wattage (15W 30W in 30M & 40W - 75W in 75L model).
- Efficacy of ≥130 lm/W with 120-347V LED Auto-Sensing driver

Specifications

Housing:

Pressure Die Cast Aluminum body to ensure better Thermal Management.

UV Resistant Glass Cover with Type III light distribution

Mounting:

Surface Mounting

Auto-sensing 120-347 V LED driver with Operating temperature range of -40°C ~+50°C

Field Selectable CCT of 3000K, 4000K & 5000K. Efficacy of ≥ 130lm/w.

Compatible with 0-10V Dimming

Dimensional Drawing

Polar Candela

Applications

Residences

Office Complex

LED Adjustable Wall Pack

SSL-WP2T/LV/12V/SENSOR

SSL-WP2T/LV/12V/CONTROLLER

NOTE:

- Microwave can penetrate walls or glass thinner than 20cm, movement in adjacent corridors may be detected.
 Detection area will be affected by speed of motion, mounting height and movement volume.
- Installation shall not be mounted to avoid false trigger caused by the luminaire itself shaking. (Rooftop HVAC, upper floor vibration, etc.)
- Shall not be installed next to large operating machines such as ventilator/ceiling fan to avoid false triggering caused by machine vibration.
 They cannot penetrate metal. Large metal object near the sensor may create a "dead zone" behind it.
- Microwave sensors have advantage over PIR device in that they can operate in hot environments, however, they are sensitive devices and can be prone to false detection by everyday items like ceiling fans, moving branches or curtains, loose packaging, etc.

Other options may be available, consult Turolight Sales. Specifications and data are subject to change without notice.
